

AL LowRY

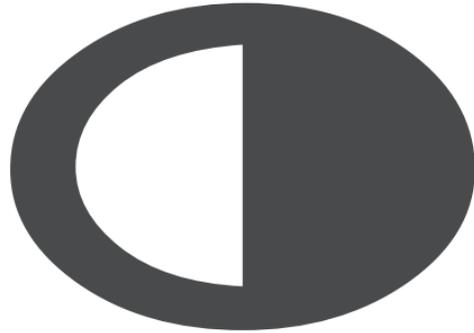

HAIRSPA • BOUTIQUE

STATEMENT

When David Lowry decided to redefine the hair salon concept for the Indianapolis area, he knew it needed to encompass more than just fabulous hair, he knew it needed to be a fun, exciting, and comfortable salon with a full service menu of hair, nail, face and body treatments, as well as all of the current fashionable trends under one roof.

As the director of an extremely talented staff, the same ideology is still at the heart of David Lowry as it was in 1994. Everyday, whether with guests or staff, David strives to “dignify his profession, and to renew people’s lives.” At DL Lowry, each staff member strives to enhance the personal connection each guest deserves.
